ABOUT ME

I am a computer science and engineering graduate looking for an opportunity to be a software development and full stack development. Passionate about my skills and problem solving abilities, in an entry level role as a Software Engineer to contribute to innovative and impactful projects.

EDUCATION

Nadar Saraswathi College Of Engineering and Technology,Theni

Bachelor of Engineering- Computer Science and Engineering 2020-2024

CGPA - 8.05

SKILLS

Technical Skills

- HTML
- CSS
- JavaScript
- React JS

Framework

- Bootstarp

PROJECTS

Reducing the Environmental Footprint of Food - A Comprehensive Management System

Developed a cloud-based web application to reduce food waste by connecting donors with nearby NGOs and volunteers. Enabled real-time alerts and direct communication to ensure timely food collection and minimize wastage.

Leveraging Blockchain for Empowering Agriculture with Decentralized Crop Insurance

Developed a blockchain-based crop index insurance system to enhance transparency, reduce fraud, and automate claim processing. Utilized smart contracts and Remix IDE to ensure secure, efficient, and affordable insurance access for farmers.

Starbucks Coffee Company

Developed a responsive website for Starbucks Coffee Company using HTML, CSS, and JavaScript.
